

## The St Alban Catholic Schools' Partnership

As a community of schools we will endeavour:

- To focus on the development of individuals as practitioners of the Catholic faith and uphold these four fundamental aims:
  1. Maintaining the Catholic identity of the school.
  2. Education in the context of life and faith.
  3. Celebration of life and faith.
  4. Social action and social justice.
- To provide an effective structure and process by which our schools can work closely together enabling each school to improve and excel as a successful Catholic school.
- To provide an education, underpinned by our Catholic ethos, for all pupils from 3 to 18.
- To provide an excellent education for all pupils developing them not just intellectually, physically, socially and emotionally but also spiritually. Equipping them with the skills they need for a happy and successful life.
- To share relevant information relating to pupils attendance and achievement across the partnership and agree priorities.
- To cooperate and liaise with various groups to provide a variety of opportunities for the pupils of the partnership and seek best value for money. These groups include School Leaders, Subject Leaders, Family Workers, Inclusion Leaders, Special Educational Needs Leaders, Pastoral Support and Bursars.
- To ensure a smooth transition between settings/age-phases.
