

SEND SYSTEM LEADERS & LPCV MONTHLY MEETINGS

About LPCV

We collect the independent voice of local families in the Borough of Luton. We aim to play a lead role in shaping how services are designed, delivered and promoted.

We will work with those that provide education, health and social care services to give feedback from local families. We will do this by providing lots of opportunities for families to have their voices heard and viewsshared.

We welcome families of children with Special Educational Needs and/ or Disabilities (SEND 0-25). The forum is open to parent carers, family members, guardians and foster parents of children and young people who have Special Educational Needs and/or Disabilities (no diagnosis needed). If you live in the Borough of Luton or access services from education, health or social care in Luton we would love you to join us. We feel passionately that you should have a voice.

Luton Parent Carer Voice would like to invite you to its monthly meetings with leaders from different departments within SEND SYSTEM.

This would give parents and carers the opportunity to meet and share views with Social Care, Education & Health Care representatives.
