

St Martin De Porres Catholic Primary School – Maths Curriculum Learning Journey: Measurement - Time

EYFS

Can you talk about what you do at different times in the day?

Year 1

Can you measure time in hours, seconds or minutes and write these measurements down?

Can you tell when things happened by using these words: before, after, next, first etc?

Can you talk about dates using the days of the week, weeks, months and years?

Can you tell what the time is in hours and half past the hour, and draw these on a clock face?

Year 2

Can you read the time on a clock to the nearest quarter of an hour?

Can you tell you how many minutes are in an hour and how many hours are in a day?

Year 4

Can you use the words o'clock, a.m., p.m., morning, afternoon, noon and midnight?

Can you compare how much time is taken by different events or tasks?

Can you tell you the number of seconds in a minute and how many days there in a month, a year, and in a leap year?

Can you write and tell the time on a clock face, and do this using Roman numerals from I to XII and use 12-hour or 24 hour clocks?

Year 3

Can you tell the time to 5 minutes, tell when it is quarter past or quarter to an hour and draw these on a clock?

Can you read, write and compare time between analogue and digital 12-hour and 24-hour clocks?

Can solve problems where I need to convert units of time such as hours to minutes, years to months?

Year 5

Can you solve problems where I need to convert between units of time?

Year 6

Can you solve problems involving time?
