

# St Martin De Porres Catholic Primary School – Science Curriculum Learning Journey: Physics

EYFS

Understanding the World

Year 1

Q: What are the four seasons?

Q: What is the weather like in each of the seasons.

Year 2

Q: Why are climates different in other countries?

Year 3

Q: How do things move on different surfaces?

Q: When do two magnets attract and repel each other?

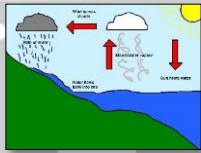

Year 5

Q: What is the movement of the Earth, and other planets, relative to the Sun in the solar system?

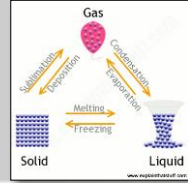

Q: Why do unsupported objects fall towards the ground?

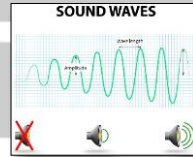

Q: What is a water cycle?

Q: How can materials change state?

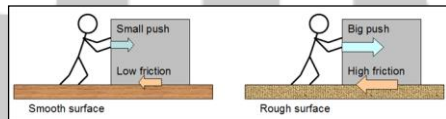

Q: How are sounds made?

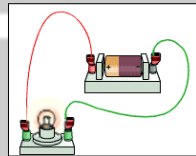

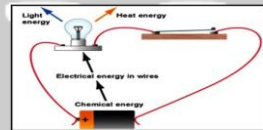

Year 4

Year 6

Q: Can we vary the effects of electricity?

Q: How does the voltage of the cells effect the brightness of a component?

Q: What are the effects of air resistance, water resistance and friction?
