

The classroom layout below is for illustrative purposes only. The guidance we have received so far indicates that COVID-19 has a significantly lower level of impact on children when compared to adults. In managing risk therefore, the school must ensure as far as possible that there is a zone of operation for teachers and TAs that promotes social distancing as far as is possible. This cannot be absolute due to the nature of learners' needs - especially in younger year groups.

The diagram below is for illustrative purposes only and should not be considered absolute.
